

## **Invitation for the 2<sup>nd</sup> International Workshop on GIS Technology and Application**

We have the pleasure to invite you to attend the 2nd International Workshop on GIS Technology and Application **from Oct. 27<sup>th</sup> to Nov. 3<sup>rd</sup>, 2019** in Beijing, China.

**This workshop is organized by Chinese Society for Geodesy, Photogrammetry and Cartography, and supported by International Federation of Surveyors (FIG).** It is aimed to expand international cooperation and develop geospatial software talents to enhance the geographic information applications and management capabilities. Government officials of Surveying and mapping and geographical information departments, industry experts / scholars and enterprise technical directors from all over the world will be invited to attend this course.

This 8-days workshop includes the topics of the introduction to the GIS software technologies in China, the explanation of data processing, the next generation of 3D GIS technology, BIM+GIS integration and the GIS applications in various fields like Smart City, Cadastre, etc.

Sincerely invites you to participate in this international workshop. If you have any question or want to get more information about us, please feel free to contact us. Please confirm whether to participate **before Aug. 31<sup>st</sup>, 2019**.

We are looking forward to your reply.

Yours Sincerely,

Jul, 2019
