Save the date for Annual Meeting 2020 of FIG-Commission 7 in Bern, Switzerland

Dear Colleagues and Friends,

We would like to inform that we are in the preparation process for the Annual Meeting 2020 of the FIG-Commission 7. It will take place from 30 August to 5 September in Bern, Switzerland.

The last time Switzerland has been host to Commission 7 was in 1992. The Annual Meeting 2020 will provide a platform for discussing topical issues and for providing information on the progress made by the working groups and the various countries. The included two-day Symposium will serve as a presentation and discussion platform for current topics and for the exchange of knowledge; it will be open to colleagues and partners from the host country.

The program is planned as follows:

Sun, 30 Aug.	Arrival of participants
Mon, 31 Aug.	Opening and Commission meetings
Tue, 1 Sep.	Symposium on cadastre and land management
Wed, 2 Sep.	Symposium on cadastre and land management
Thu, 3 Sep.	Commission meetings
Fri, 4 Sep.	Technical tour to the Bernese Oberland
Sat, 5 Sep.	Departure

The event is organized by Daniel Steudler – the Swiss delegate in FIG Commission 7 – who is being supported by a small team of swisstopo and by representatives from the Swiss professional associations IGS and geosuisse (Jürg Lüthy, Peter Dütschler, and Jürg Kaufmann).

We would like to ask you to include this event in your agenda. We will continue to keep you updated about the progress of preparations.

On behalf of the Organizing Committee

Dr. Daniel Steudler
