

Achieving the future we want - sharing our call to action

Paula Dijkstra (Netherlands)

Key words: Ignite Presentation

SUMMARY

2030 is approaching fast and we have to take collective and decisive action.

This Ignite presentation launches Call to Action from the FIG Task Force on SDGs: a bold push for surveyors everywhere to Advocate, Innovate, Collaborate, and Deliver the future we want.

With more than 70% of SDG targets relying on geospatial data, our profession is uniquely positioned to drive real impact: from climate resilience to digital transformation, land governance, and inclusive partnerships. This is a call to be involved to achieve the future we want. To:

- Raise awareness and promote the value of surveyors in achieving and sustaining the SDGs and beyond
- Promote technology and innovation to modernize practices and enhance impact.
- Build partnerships and expand the scope of the profession to meet global challenges.
- Foster inclusivity and shared purpose across the profession

In five minutes, discover how FIG's new framework unites and mobilises the profession to deliver a sustainable, resilient, and equitable future
